GIANT MASTODON

MASTODON is the most Wonderful Everbearing in history. It well deserves its name, the King of all Everbearings. Bears fruit that will actually approach the size of small apples. Largest strawberry in existence. Mastodon has another tremendous advantage over other Everbearings, because it will produce a wonderful crop, 10 months out of 18. Berries will hold their mammoth size throughout the whole season. Follows up with a big crop of fruit the following June. Ordinary Everbearings will fail. Just think of it, strawberries from July until winter sets same year. Just as large in November as in July. The huge size of the berries and the mammoth yield of each plant is truly marvelous. Mastodon is the most sturdy and vigorous plant maker. Bushy, with heavy foliage, that not only protects the vines from the hot scalding sun in summer but also protects the fruit during the frosty nights of late fall. It is an upright growing plant with its enormous fruit stems high up from the ground, avoiding sandy fruit. It has an unsurpassed root system, which enables them to bring its loads of large fruit to maturity in dry season as under adverse conditions.

They are also heavy fruit producers of large size when grown in matted rows, where other varieties will fail. Some of our berries measured $1\frac{3}{4}$ inches wide, 2 inches long and $5\frac{1}{2}$ inches around the berry and weighed one ounce. Real strawberries. Nine berries have topped a quart box. The largest berries on record and the nearest perfect in every way, size, color, sweetness, flavor and hardiness. Mastodon has a record of 5,520 quarts per acre. Sure an ideal berry. Easy to sell from its appearance alone. A fancy berry in the truest sense of the word, which greatly adds to its market for top prices.

Our plants were grown under irrigation this year, which means thousands of extra fine, deep-rooted plants on our high ground. Especially prepared sandy soil. Our prices are based on the size of our crop. WHY PAY MORE? Our plants were direct from the originator and are absolutely true to name. We grow our own plants then we know our customers get the true strain Mastodon. The true value of the Mastodon can not be appreciated until you see the large sparkling jewels clinging to the plants after July 15th, the same year plants are set.

Ten per cent will book and reserve your order for plants and seeds. SO ORDER EARLY as the demand will be terrific again this year at our reasonable terms and prices.

The CHAMPION, which is known to the strawberry world today as a leader and a world wide favorite Everbearing. Unsurpassed for its productiveness. Berries very large, deep dark red. Sweet as honey. Aromatic flavor. The richest flavored canning strawberry of them all. Oval shape, almost round. Seed well into flesh, firm, good shipper. Plants strong, vigorous, hardy, resists frost and good plant makers.

Bears all summer and fall until hard freezing; very often found in December under the snow uninjured. The most productive strawberry in all the world. The United States Department of Agriculture, Bureau of Plant Industry, Washington, D. C., has no record that has exceeded the following record from any one acre.

The following is the world's record as grown by us, the originators: "From one acre set to Champion we produced 5,623 quarts of berries that sold for \$2,059.20."

This is the best record known in the United States. There were 352 sixteen-quart cases picked from this acre in 129 days and from August 8th to August 15th, just one week, there were 689 quarts picked that sold for \$293.05. The average price obtained for this crop of one acre of Champion berries was \$5.85 per case. This record was made the same year the plants were set. We have found 275 green and ripe berries on one plant.

Order direct from Originator. We believe that we are the only Nursery today that have the Genuine 100 per cent true plants. Sixty days after your plants are set out they are loaded with buds, blossoms, green and ripe berries in all stages of development.

Gardner's Sugar Sweet

Originated by Gardner's of Osage, Iowa. Berries oblong like a pineapple, long neck. Easy to hull. Bears enormous berries. Very large dark red with prominent yellow seeds. Very firm. Sugar Sweet is well named. It's simply delicious. The sweetest everbearing strawberry that we have ever grown. Plant Sugar Sweet Everbearing for big quick money crop. Bears from July until winter. Plants of this variety sold at \$3 per 12 last year.

25 Plants \$1; 50, \$1.50; 100, \$2.50

New Bush Everbearing

This peculiar Everbearing grows on large bushes 10 inches high, 15 inches across. Oct. 15, 1930 we counted 15 fruit stems loaded with fruit from one plant. Entirely unlike any other Everbearing. Multiplies its new plants from crowns. Owing to this it is very productive. Berries large as Mastodon. Some specimens larger, but honey sweet. Finest quality. Ripen up even with attractive dark red color. Bears 60 days after set out.

6 Plants 55c; 12, \$1.00; 25, \$1.75

AS WE ARE TODAY

Our Fifteenth Anniversary

WE WISH to extend to all that receive our Fifteenth Annual Catalog the best wishes possible for 1932. To our friends old and new we are describing our hardy northern grown plants, shrubs and seeds. I hope that you will enjoy reading this catalog, in just plain words. My success with strawberries and truck gardening is my life's work with interest. Our specialties are berries, sweet corn and melons. Our high class resort trade always demands the best that can be grown. Therefore we list only the cream of the best varieties in berries and seeds as we use ourselves in commercial market.

For the best success you must have hardy northern grown plants and seeds from our cold water climate of Lake Michigan. As our nursery is only one-half mile from Lake Michigan, our plants stay dormant till about May. Sometimes we still have ice on the lake first of May. Plants from the North are a success everywhere.

Success or Failure Is Cultivation

The growing of strawberries is very similar to growing other farm crops, and simple to set out the plants. All that is required is a suitable piece of land that will grow a good crop of corn or potatoes. Use the same judgment you would in setting vegetable plants. Make a hole with a spade or dibble and set roots straight and slightly spread; this will give them moisture and they will start immediately. Do not cover the crown or the heart of the plant. Plant strawberries in the spring as early as possible and keep them free from weeds. One can set them any distance apart desirable, as to the room one may have.

For home garden, set 12x18 inches. It will require about 10,000 plants to set one acre 18x36 inches. The best fertilizer for strawberries is barnyard manure. Green crops such as Soy Beans, Rye and Vetch ploughed under are also good.

All varieties listed in this catalog are of perfect blossoms and can be planted alone. Young runner plants may be cut off or laid along the row as desired. Be sure to pick off blossoms from new set beds until July first, about three times. The plants will have a better opportunity to become established and develop better root system before beginning to fruit. Not necessary to bud the second year for early spring bearing. For best success set out a new bed each year from your young runner plants.

Set just right

Your Protection

Our Guarantee will be your protection. All stock listed, State Inspected under No. 10002. Certificate of Inspection accompanies each shipment. Guaranteed as represented in our catalog, fresh dug, from young beds, cleaned and trimmed, ready to set out. Arrive in live and perfect growing condition. Everbearing guaranteed to bear first year set, and absolutely TRUE TO NAME.

We shall in no case be liable for any greater sum than the amount paid for Seeds, Plants or Bulbs we sell and will be in no way responsible for the crop. Weather conditions and planting is beyond our control.

All orders are booked subject to loss of crop by frost or other unavoidable causes. On proper proof we will refill your order or refund your money on any that are not as above mentioned.

How We Pack

Plants shipped by express are packed in light pioneer, southern gum wire-bound crates with damp moss. Parcel post shipments are packed in damp moss, and wrapped in waterproof lining paper. All our plants are dug each day as needed and packed at night when plants are cool. By this method you get them in the best of growing condition. We want every prospective customer to know that when you send your order to Oak Hill Nursery you are getting your stock direct from the grower. All our plants are certified. There are no better plants grown than ours this year. The only difference is the price. SO WHY PAY MORE? You will find that our plants are trimmed and cleaned, ready to set out. We get a lot of compliments from our customers on cleaning and packing. Saving them transportation charges. Bigger values with less money all the way around. We are not the largest nursery. But we have tried to please over 10,000 customers. I am sure that we can please our new ones this year with the finest berry plants grown.

An Appreciation

We appreciate and wish to thank our many customers, for their patronage during the past fourteen years. Also those that have recommended us to their friends or have loaned them our little catalog.

I personally thank you in advance for any order that you give us this year. Whether it is large or small it shall have my personal and prompt attention.

Yours very truly,

EDW. L. LUBKE.

AS WE USED TO BE

Premier

The earliest of all strawberries in the spring and the best that we have ever fruited as a money king. It is a berry without a fault and with perfect satisfaction wherever grown. One week earlier than any other berry and continues bearing longer than any other varieties that we know of. Premiers are beauties when in quart boxes, large size and firm, and will bring high prices as the first strawberry on the market.

Premier has a record of over \$3,-500.00 from one acre. Why plant wheat, corn or other farm crops, if one could make only half this much from one acre. Do not fail to plant this 50 per cent frost proof famous Premier this year. It is a mortgage lifter for any grower. Plant our original heavy fruiting strain. This means a lot at fruiting time.

25 for 30c; 50, 50c;
100, 80c; 250, \$1.50;
500, \$2.75; 1,000, \$5.50

Lucky Strike

LUCKY STRIKE has done wonderfully. Very productive. Berries are round and smooth, very large and of a beautiful bright red. Sweet and firm. Would advise our customers to try LUCKY STRIKE everywhere as a good Fall and June bearer. Will bear first year set from July until winter with large, choice berries and the sweetest flavor you could wish for. Our new ground, true-to-name plants, are sure to please you.

25 for 60c; 50 for \$1.00; \$1.75 per 100

White Sugar

This Pure Snow White Strawberry was originated in California. Was found growing wild. Is the only pure snow white Strawberry known. Plants and berries are of a medium size. Berries have a fine flavor and are sugar sweet. Quite an attraction to grow and show your friends a pure SNOW WHITE STRAWBERRY. Try a few.

12 for 35c; 25, 60c; 50, \$1.00

Pink Strawberry

NEW PINK STRAWBERRY—When fully ripe. Sweet as honey. No acid. Large with foliage, strangely different from other varieties. Runners thick and heavy. Stay green all winter. A great novelty. This new Strawberry in size is a Super-Giant of all the June bearing varieties that we have ever seen. A real fancy Pink Strawberry and guaranteed a true color.

12 for 35c; 25, 60c; 50, \$1.00

New Washington

WASHINGTON is the latest addition to the Strawberry family. Introduced three years ago in Michigan. The flavor is the finest that we have ever found in any new Strawberry. A peculiar, rich SUGAR SWEET flavor impossible to describe. The vigor, size, color and sweetness all combined is not found in many Strawberries. When your berry customers once taste this honey sweet Strawberry they will sure be after more. This new late berry will bring you not only fancy Strawberries, but also fancy prices. Heavy bearing variety of rich shining deep dark red fruit. Good firm shipping berry. You sure want to try this great new berry. Our Washingtons are 100 per cent Genuine, first class plants. Grown on new ground this year.

25 for 35c; 50, 60c; 100, \$1.00; 250, \$2.00; 500, \$3.00; 1,000, \$6.00

PEARL

Pearl

Pearl is the largest, best shipping and the latest berry on the market. Comes after all other berries are gone and always brings the high prices. These berries grow high up from the ground, easy to pick. One can pick more berries per day of this variety than any other in existence. Fancy for trade (quart filler). Plant this variety on the best ground that you have. Your profits will be 100 per cent greater than the cost of the plants.

**25, 30c; 50, 50c; 100, 80c; 250, \$1.50;
500, \$2.75; 1,000, \$5.50**

Gardner's Red Gold

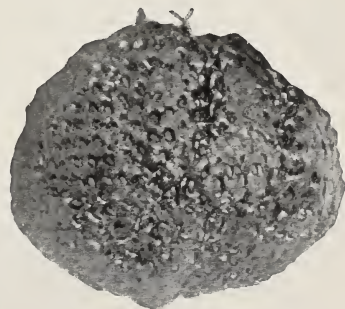

RED GOLD was originated in Osage, Iowa. Plants very large, with fruit stems 12 to 15 inches tall. Ten fruit stems have been found on a single plant. Loaded with 38 berries and buds. Easy to pick. Holds fruit high up from the ground. Plants are practically immune from rust or other Strawberry diseases. Berries very large. Single specimens have been found to measure $8\frac{1}{2}$ inches around. Claimed big as an apple. The flavor is of a real wild Strawberry. Very sweet. A sugar saving variety. Color bright, very firm. Ripens early and is claimed to hold its size throughout the season. The originator claims that over 2,000 quarts of RED GOLD berries have been picked from one acre in a single day's picking.

We have grown this new high priced variety on new ground for plants only. Have a good supply this year for our customers, true to name, and at a reasonable price for you to try out in your locality.

25 for 35c; 50, 60c; 100, \$1.00; 250, \$1.75; 500, \$3.00; 1,000, \$6.00

Stanley's Early

Beyond question this variety yields twice as much fruit as any variety that we know of today. Stanley Early is an extra early variety. A wonderful flavor, long neck, easy to hull. Berries large, sugar sweet and are of the finest quality for market or canning berry. Has Senator Dunlap beat a hundred ways. Plants very strong, large, persistent growers. At fruiting time the plants are a snappy mass of dark berries, flaming red and perfectly formed like a top. WE GUARANTEE this distinct variety to differ from all others that you have ever grown.

25 for 50c; 50, 75c; 100, \$1.25; 250, \$2.50

Mr. E. F. Hebard, Thayer, Ind. Thanks for sending such fine Nursery Stock. Have ordered many times and always get first class quality stock.

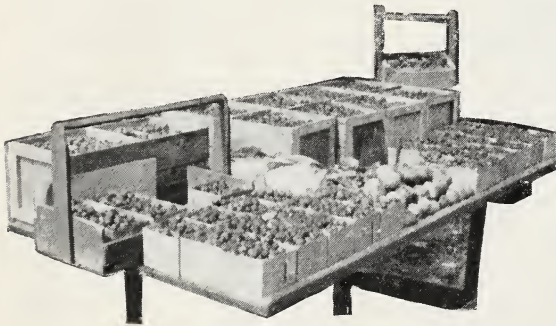

Mr. C. H. Wiebers, Odell, Ill. Your Giant Mastodon and Champion were giant plants compared to what I saw from other Nurseries. Thanks for the extra plants.

Early Senator Dunlap

The Dunlap is the most popular Strawberry in the United States. Known everywhere. Fruit firm, of excellent quality. Good size and an unusually heavy bearer. Has a wide range of soil and climate.

25 for 20c; 50, 35c; 100, 60c; 250, \$1.25; 500, \$2.00; 1,000, \$4.00

New Blakemore

Originated by the United States Department of Agriculture. Tested to be two weeks earlier than Premier. BLAKEMORE has proved considerably superior as a market variety. Easy picking and capping qualities. Berries bright red color, tough skin, firm flesh, solid center, with excellent flavor. Produces runners in abundance. Plants certified. Should be tried out country wide.

25 for 50c; 50, 75c; 100, \$1.25; 250, \$2.25; 500, \$3.50; 1,000, \$7.00

New Aldrich Everbearing

Introduced last year by L. J. Farmer. He claims it has a record of 4,000 quarts of strawberries to the acre from plants set first year. Fruit very firm, good color and size. Owing to the high price last year we grew this variety for plants only. Plants limited this year.

**12 Plants, 75c; 25 for \$1.25;
50 for \$2.00**

Cooper

The COOPER is a strawberry that takes the eye for the market because it is so large; no sign of a core, never a green tip, nor that is hollow, but of the bright red and flesh color. One can never bite into anything sweeter and more delicious than the COOPER. The more you eat the more you will want.

Beauty Oak Hill's Special

BEAUTY was originated in Michigan. This wonderful new berry is handsome in appearance, very large, round and smooth. Beautiful rich, red color. Grown on long fruit stems, 8 to 10 inches long. Thick as a common slate pencil. Plants grow from 12 to 15 inches high. After testing this variety with others it is found to be the best. Particularly valuable for the longest season Strawberry known.

It bears large quantities of the choicest Strawberries for six weeks. Large as a small peach, with nature at her best. Last year from 350 plants we picked 150 quarts of Super-Giant Strawberries from one picking. Our berries were extra large throughout the berry season. We got 25c per quart; never had enough. Think of it, \$37.50 from one picking; 350 plants.

Every year our berry customers come in and say, we want some more of those Oak Hill's Special Strawberries this year. This is our favorite strawberry. Extra sweet with two big bites to each berry. For your fancy trade grow our Special Beauties by all means. They sure are Super-Giants, both plant and berries.

25 Plants 50c; 50, 75c; 100, \$1.25; 250, \$2.25; 500, \$3.50; 1,000, \$7.00

June Bearing Surplus Strawberry Plants

EXTRA fine first class plants of varieties that we may have the most of at the time we ship your order. Dug fresh. Our Choice only.

250 for \$1.00; 500, \$1.50; 1,000, \$3.00

Mastodon Everbearing Transplants

All Choice Plants. Extra large. Double Root System. Fall set. Extra growth. For those who want a few Choice Everbearing plants for the garden.

25 for \$1.00; 50, \$1.50; 100, \$2.50

Frost King

We are now convinced that it is the latest June bearing Strawberry produced. It blooms freely and opens its blossom buds late in the spring and avoids late frost. You will think it will never come into bloom. The blossoms will come when other Strawberries are ripe. That's why its crops are so heavy and can be insured against a crop failure. Berries are enormous, of extra large dark rich red color. A remarkable sweet and firm flesh berry. This is a fine variety for the north as the berries do not ripen until July, when others are off the market.

50 for 75c; 100, \$1.25; 250, \$2.50

OUR ROADSIDE MARKET

PICKING EVERBEARINGS

BLACK

A
L
F
R
E
D
S

B
E
R
R
I
E
S

This new blackberry is a combination of proven hardiness, prolific bearer of super-quality. Berries $2\frac{1}{2}$ inches long, jet black, juicy, sugar-sweet berries without cores. Twice as large as ordinary blackberries. This new berry was originated here at New Buffalo. It is a big seller every summer at our roadside fruit stand.

Plants are so strong and vigorous they survive severest Northern winters without mulching. They are splendid shippers because the berries are so firm. Plant generously—at least 50 for home gardens. They are making big money for other growers; they will do the same for you.

You save a year and will start right, when you plant our stocky root cutting plants. They have a perfectly balanced root system for a full crop next year.

12 Plants, 60c; 25, \$1.00; 50, \$1.50; 100, \$2.75; 250, \$6.00

New Chief Red Raspberry

NEW CHIEF, No. 233, is the most valuable Early Raspberry ever introduced. Released and originated by the Minnesota State Fruit Breeding Farm. Considered the finest Early Red Raspberry in existence. New Chief has outyielded Latham 13 to 50 per cent. Its superior hardiness, stockier vigorous growth and elimination from diseases, increases yields. Long season and 10 days earlier than the Famous Latham. Means great opportunity to commercial growers. Berries non-crumbling, extra large and firm. Beautiful dark red color berries of the finest quality. Very fortunate to offer this new wonderful King of all Reds. Try a few plants. They will bear fruit this year.

12 Plants, \$1.00; 25 for \$1.50, 50, \$2.75; 100, \$5.00; 250, \$10.00

Ohta

The Earliest Red Raspberry Grown

The OHTA Red Raspberry, also known as FLAMING GIANT was originated by Prof. Hansen, South Dakota Experimental Station. The Ohta is winter proof. Berries are larger than the common Reds and will bear twice as much fruit and early. First berries ripen about June 20th.

"Certified" plants passed rigid double inspection, disease free.

12 Plants 60c; 25 for \$1.00; 50 for \$1.50

OHTA

New Logan Black Raspberry

This new Blackcap is the most dependable variety grown. Almost immune from the virus diseases. Tested by the Michigan Experiment Station and is claimed to be the most promising variety grown there. Ripens a week to ten days earlier, heavier yielder and larger than Cumberland. Ripens its crop of fine glossy black berries quickly and does not string out over a long period. This means they market readily at good prices, before Cumberlands ripen. Hold up well in dry season. Free from seediness. New Logan will sure gain popularity among growers who depend on Black Raspberries for their livelihood.

6 for 50c; 12, 75c; 25, \$1.25; 50, \$2.00; 100, \$3.50

Rhubarb Roots

Plant Peach Flavored Rhubarb roots and Asparagus roots if you want the first from the garden. Early Rhubarb brings big money for spring pies and fresh table sauce. Stalks extra large, very tender and mild flavor. About 12 to 25 plants for family use. Easy

grown. Heavy one year old roots.

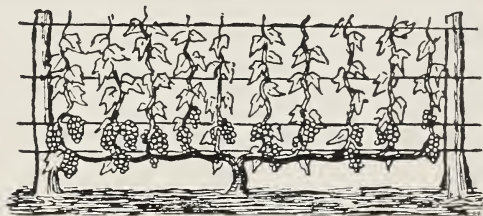

**6 Roots for 35c; 12 Roots for 60c;
25 Roots for \$1.00**

Alfred Blackberry Transplants

EXTRA heavy two-year-old bushes that will fruit the first year. A real buy when a few extra choice bushes are wanted for the garden.

12 for \$1.00; 25, \$1.50; 50, \$2.50

Mr. H. M. Kackley, Cambridge, Ohio. Plants and vines are the best from any Nursery this Spring or any other Spring. Rush Peas and Sweet Corn at once.

AMERICA'S TWO BEST GRAPES GROWN

NIAGARA—The best White Grape grown. Large bunches, very sweet and juicy. Hardy, very productive. Exceptional value for eating or market. One-year-old No. 1.

CONCORDS—Blue. Most popular Commercial grape grown in America. Vigorous, productive and hardy. Bunches and berries large, honey sweet and juicy. One-year-old No. 1.

12 for 75c; 25, \$1.25; 50, \$2.35

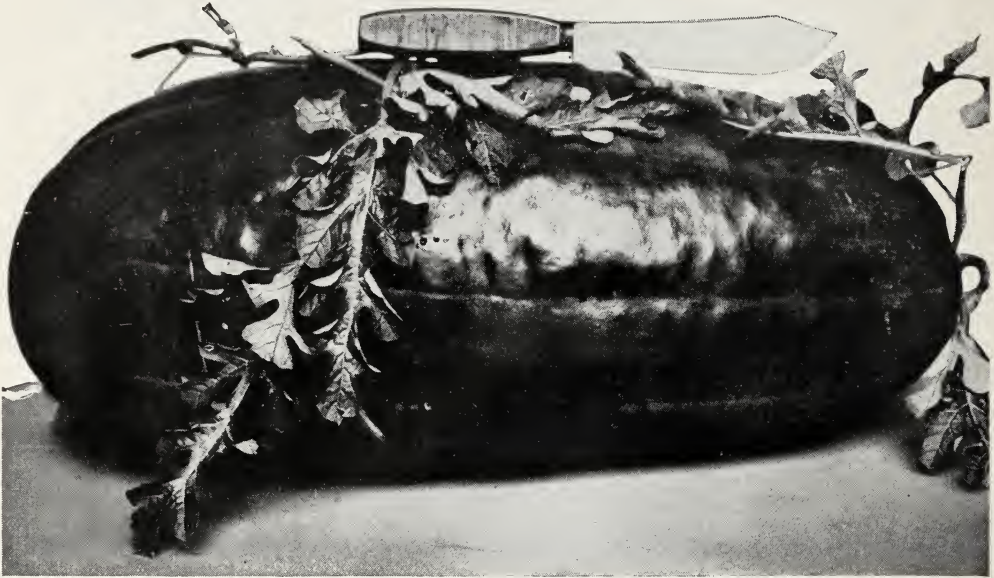

BEARING AGE

CONCORD OR NIAGARA. These plants are just what you want for quick yields at our unusually low price. A real buy.

20c each; 6 for \$1.00; 12 for \$1.50

Mr. E. A. Bridgman, Richmond Beach, Wash. Will recommend my friends who wish plants and seeds, and will get fair and honest treatment.

HONEY GEM WATERMELON

The finest and sweetest watermelon that we have ever tasted. It is our best selling melon to our road trade. After they have once tasted this melon they are right back after more. This melon is of large size, medium early, has no core, flesh is a rich bright scarlet red and sweet as honey. Extra good keeper. We had one melon 112 days. Was 54 inches around. Weighed 33 pounds and was cut for seed on February 22nd. Honey Gem was awarded a prize at "The School Fair," November 14, 1931. Plant HONEY GEM if you really want the best Watermelon grown.

Pkt., 10c; 1 oz., 15c; ¼ lb., 40c; ½ lb., 70c; 1 lb., \$1.25, Postpaid

**FREE
SEEDS
AND
PLANTS**

One packet of Seeds FREE with each \$1.00 worth of Seeds ordered. Your choice. 25 Plants FREE with each \$5.00 worth of Nursery Stock ordered from catalog price. Your choice of Plants as follows: MASTODON, CHAMPION, WASHINGTON, BLAKEMORE, WHITE, PREMIER, DUNLAP or COOPER. For example: \$10 order, 50 Plants FREE. Seed orders are separate from Nursery Stock. Cash must be sent with order, or one-third of the amount to get the FREE SEEDS AND PLANTS. Our Seed Packets are twice as large as many seed houses give. Our Seeds are put up in large beautiful colored lithographed packets with planting directions. ALL SEED ORDERS ARE SENT POSTPAID.

We do not pretend to compete in prices with unreliable or careless growers. We always want to feel that the seeds which we send out are our best advertisement. Try our seeds this year IF YOU WANT THE BEST VARIETIES GROWN.

EVERBEARING BEANS

If you want delicious, tender and an entirely stringless green bean, plant our Everbearing for a treat. They have a rich, melting buttery flavor possessed by no other bean. Extra heavy bearer of long, straight perfectly round pods. A few hills will produce enough for a family all summer if kept picked off. Seed limit one pound.

**Pkt., 10c; ½ lb., 25c;
1 lb., 40c**

Giant Hearts of Gold Muskmelon

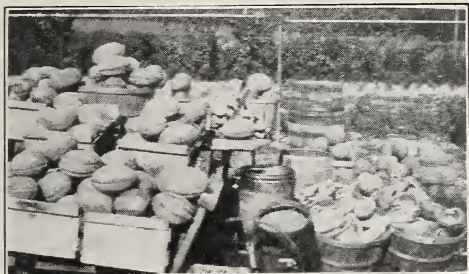

GIANT HEARTS OF GOLD, the new Muskmelon King. About five times larger than ordinary Hearts of Gold. Weighing from 10 to 15 pounds. Flesh about four inches, deep golden orange, extremely thick. Fine grained and the sweetest flavor right down to the rind. Its large size and earliness makes GIANT HEARTS OF GOLD a combination hard to beat. If you try this melon once you will always plant it. When ripe the melons turn a golden tint which shows through the netting, and gives the fruit a most attractive appearance.

Pkt., 10c; oz., 25c; $\frac{1}{4}$ lb., 75c; 1 lb., \$2.00

Golden Favorite Muskmelon

We are more convinced every year that GOLDEN FAVORITE is the best flavored and sweetest melon grown. Green melons picked after frost will keep six weeks and ripen. Melons are large, oblong, shape of a football. Please note photograph. Seed cavity small. Heavily ribbed and netted. The flesh is of a deep golden yellow and a deliciously honey-sweet flavor right up to the very rind. A flavor that is almost indescribable.

We will guarantee GOLDEN FAVORITE to be the best melon that you ever ate. Every melon you cut will have the same honey-sweet flavor. You can not appreciate this wonderful melon until you eat one. Oh boy, it's good. Order early. Seed limited.

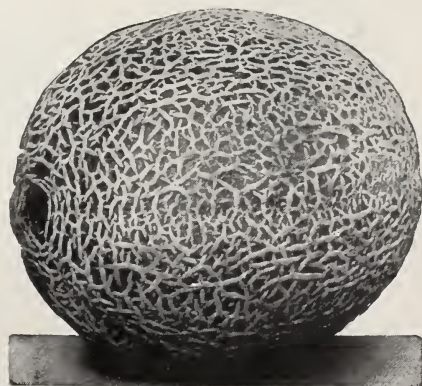

Pkt., 10c; oz., 25c; $\frac{1}{4}$ lb., 75c
1 lb., \$2.00

CUTTING FAVORITE MELONS

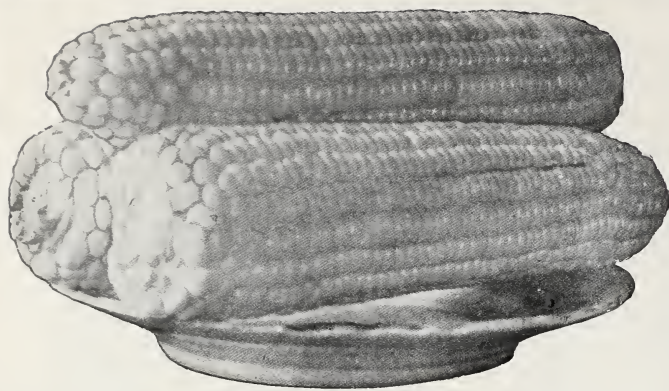

Rocky Gem

This superior quality cantaloupe comes to us from Colorado. Fruit round as a ball. Covered with a hard heavy gray netting. Shipping and keeping qualities are unsurpassed. This variety can be shipped in open express from Coast to Coast and arrive in excellent condition. Seed cavity so small that a quarter will cover the smallest. While a dollar will cover the largest cavity. Flesh is butter yellow, solid, fine grained, melting and sweet as honey—50 per cent better than Honey Rock. For commercial growers and long distant shippers, plant Rocky Gem and Golden Favorite.

Pkt. 10c; 1 oz. 25c; $\frac{1}{4}$ lb. 75c;
1 lb. \$2.00.

ROCKY GEM

New Golden Sunshine

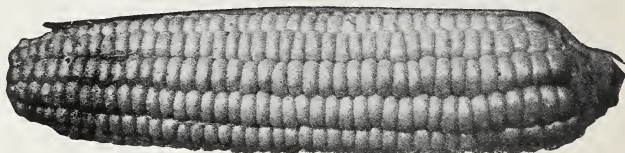

This New Golden SUNSHINE Sweet Corn was developed by Prof. A. F. Yeager, of the North Dakota Experiment Station.

It is over a week earlier than Golden Bantam and twice as large. With the same quality, sweet butter flavor. Be sure you try this new corn. It is a good, new, promising sweet corn. I can personally recommend it.

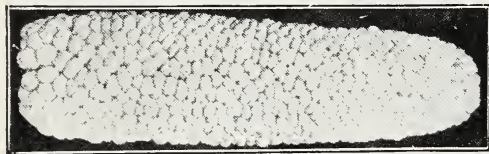

Pkt., 10c; 1/2 lb., 20c; 1 lb., 35c; 5 lbs., \$1.50; 10 lbs., \$2.50, Postpaid

Gold Coin

This new Sweet Corn was introduced last year by Burpee's. The kernels are a beautiful light yellow color, on a small cob. Rich and luscious flavor. Heavy yielder with extra large attractive ears of superb quality.

Pkt., 10c; 1/2 lb., 25c; 1 lb., 40c, Postpaid

Yellow Country Gentlemen

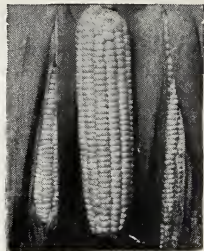

Grows the same size as Country Gentlemen, 5 feet high, bearing from 3 to 4 ears to a stalk. Yellow shoe-peg long deep kernels crowded and in irregular rows on a small cob. Lusciously sweet.

Pkt., 10c; 1/2 lb., 25c; 1 lb., 40c
Limit this year.

Golden Gem

A new, extra early yellow sweet corn originated by Dr. Yeager of the North Dakota Experiment Station.

Golden Gem is one of the sweetest varieties of corn we have yet tasted, and is even earlier than the new Sunshine which Dr. Yeager also originated. The ears of the Golden Gem are rather small, averaging 5 to 6 inches in length, 8 rows to the ear. A fine variety for the North.

Pkt., 10c; 1/2 lb., 25c; 1 lb., 40c

Golden Delicious Sugar Corn

WORLD'S SMALLEST COB WITH THE LONGEST EARS

This new corn has giant ears 10 inches long. Eight rows of delicious kernels same as Bantam. Has Bantam original flavor, but ears twice as long with smaller cob. Remarkably early. Stalks grow about 5 feet high. Ears are filled with Butter-Yellow, broad, tender, milky sweet kernels, with a real butter flavor. If you appreciate good sweet corn, then plant Golden Delicious.

Pkt., 10c; 1/2 lb., 20c; 1 lb., 35c; 5 lbs., \$1.50; 10 lbs., \$2.50, Postpaid

New Burbank Tomato

This is one of Luther Burbank's marvelous new creations. A tomato by far the earliest and best we have ever grown. Just think of it from seeds planted in open ground will bear fruit earlier than plants from a hotbed. Fruit ripe week to ten days earlier than any other extra early Tomato known. Ripens up perfectly without crack, spot or blemish. Color bright red, and smooth. A continuous bearer throughout the season. A firm large tomato of superior quality. Fruit has no open cavities. Seeds are few and small. Slices solid as a beef steak. Plants resist wilt and other Tomato diseases. Unlike other tomatoes, the skin peels freely from the rich firm flesh. If you want a real early Tomato this year then do not fail to plant this wonderful BURBANK TOMATO. WORLD'S EARLIEST. Packet about 500 seeds. Ounce about 7,500.

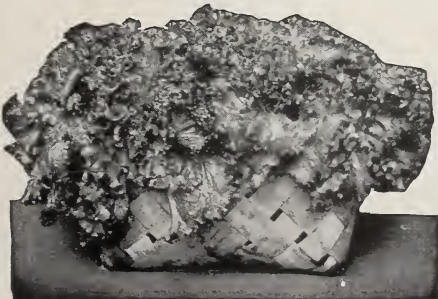

Pkt., 10c; 1/2 oz., 30c; 1 oz., 45c; 2 ozs., 80c; 1/4 lb., \$1.50

Baby Lima Beans

The Baby Lima is the earliest lima in cultivation. Vines grow rapidly. Bears pods in large clusters. A fine variety for the Northern States. Beans are of a true butter lima flavor and very sweet. Grows bush form 12 to 15 inches high. Bears tremendously until killed by frost. Pods about 3 inches long, and bears as high as 200 pods on one bush.

If you want to be sure of success in growing lima beans as well as the earliest and easily grown Lima then plant our Baby Lima Beans.

Pkt. 10c; 1/2 lb. 25c; 1 lb. 40c; 2 lbs. 75c, Postpaid.

Early Curly Leaf Lettuce

This splendid loose leaf lettuce is the favorite at our table as well as of our market customers. Very early, grows rapidly. Ready in 45 days. Leaves are exceptionally tender, crisp and sweet. Curled, bright green, tinged with brownish red at the edges. Always reliable and easily grown. Never gets bitter. It is an evergrowing, cut and come again.

Pkt. 10c; 1 oz. 15c; 1/4 lb. 35c, Postpaid.

EARLY CURLY LEAF LETTUCE

Every farm or suburban home with a small city lot should have a home garden for health, pleasure and profits

Superb Cucumbers

A worth-while novelty cucumber from 18 to 24 inches long, and only two inches through. Skin dark green and smooth. Flesh is firm, white and crisp. Can be called seedless. Only a few seeds at blossom end. It is the best flavored slicing cucumber that we have tried. Be sure you try it. You will be more than pleased.

Pkt. 15c; 1/2 oz. 35c; 1 oz. 50c.

Fordhook Giant Swiss Chard

Decidedly the best of the Chards. Leaves broad, upright in growth, crumpled dark green. Use leaves as greens and middle leaf-rib and the pearly stalks like Asparagus. Grows about 30 inches high. Will yield from early summer until late fall.

Pkt. 10c; oz. 15c; 1/4 lb. 40c, Postpaid.

Giant Podded Peas

Try our Giant Podded Peas if you want the heaviest yields and the finest peas ever grown. Huge 5 and 6 inch pods filled with about 8 peas, tender and sugar sweet. Strong heavy vines, grow about 36 inches high. Plant 3 lbs. for 100 feet row. We never use supports, only sow thickly to hold vines erect. It insures a heavy crop and a easy one to pick. Considered by many superior to the Telephone. Can be planted for either early or late. Giant Green Podded Peas sure are the Jumbo of the Pea family.

1/4 lb., 15c; 1/2 lb., 20c; lb., 35c; 5 lbs., \$1.50, Postpaid

Danish Ballhead Cabbage

Best Winter Cabbage and the most hardy. Heads round, deep or balloon-shaped, very solid. The average weight of heads is 8 lbs. Does not burst open like most varieties. Sure heading and hard as a rock.

Weighing one-fourth more per head than other varieties of equal size. Best shipping cabbage in cultivation.

Pkt. 10c; 1/2 oz. 15c; oz. 25c, Postpaid.

Red Bush Cherry

Bears its fruit in clusters of six to eight. Larger than the biggest cherry. Very delicious when eaten as picked from the vine. Fine sweet flavor. Used for canning and preserving. Easy grown like Tomatoes. Try a Packet.

Pkt. 500 Seeds, 10c.

Jumbo King Pumpkin

World's largest Pumpkin. A real prize winner. Some specimens weigh 200 lbs. Splendid cow feed. Easy grown in cornfield. Flesh solid, thick yet tender. Grow giant pumpkins for big prices at Halloween time.

Pkt. 10c; 1 oz. 15c; $\frac{1}{4}$ lb. 35c.

Giant Prizetaker Onion

It is by far the largest, handsomest, finest flavored yellow onion in cultivation. The flesh is pure white and it equals the Spanish onion in mild flavor. Skin is bright, clear straw color. Single Bulbs grown sometimes weigh three pounds. Can be grown from Seed with perfect success. Plant this variety, it will certainly prove profitable.

Pkt. 10c; $\frac{1}{2}$ oz. 15c; oz. 25c; $\frac{1}{4}$ lb. 70c, Postpaid.

Hollow Crowned Parsnip

Large Sugar is better known and more generally grown than any other sort; roots smooth, usually 15 inches long by 3 inches in diameter at the top; tender and sugary. Great cropper. Quality is improved by leaving them in the ground over winter.

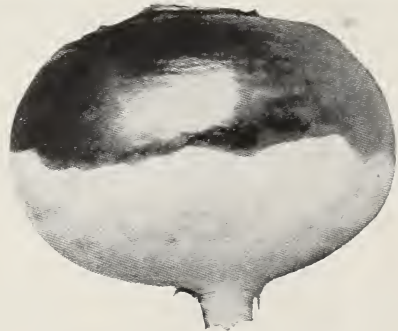

Pkt. 5c; 1 oz. 10c; $\frac{1}{4}$ lb. 25c, Postpaid.

Dark Red Market Beet

Our unrivalled main crop beet. Globe shaped with a small tap root. The finest shape beet grown. Largest beet grown. It has no superior. Heavy cropper. Delicious, tender and fine grained. No trace of woodiness or stringy tendency. Flesh blood dark red. Solid and sweet. Matures in 50 days. Finest canning variety. Should be in every garden if you want the best.

Pkt. 10c; 1 oz. 15c; $\frac{1}{4}$ lb. 35c, Postpaid.

Purple Top Strap Leaved Turnip

The most widely cultivated and best known variety; a very early, productive sort; roots are flat, medium sized, purple or dark red above ground, white below; flesh white, tender and fine grained. Flesh sugar sweet, never bitter at any stages of growth. Absolutely the finest strain to be had.

Pkt. 5c; oz. 10c; $\frac{1}{4}$ lb. 25c, Postpaid.

Everblooming Butterfly Bush

Butterfly Bush

This shrub attracts the most beautiful butterflies. A shrub-like perennial, or summer lilac. Rose lilac flowers. Blooms from July until killed by frost. Long flowery spikes grown on every tip. Grows 4 to 5 feet first year planted. Has the same sweet fragrance as the lilac. One of the best shrubs that you can plant. Quickest growing and blooming shrub known. Two year old field grown, extra large, sure to bloom.

35c each, 3 for \$1.00,
6 for \$1.50.

Evergreen Seedlings

NORWAY SPRUCE—A real Evergreen of rapid growth. Its thriftiness, and its heavy masses of deep green foliage are the pride of great beauty at all seasons of the year. Grown for windbreaks, hedges, Christmas trees or for beauty. Plant 100 this year in an off way corner 10 inches apart both ways. 10x10 feet will take 100 seedlings. With three years' growth they will be worth \$1.00 each and up for Christmas or table trees. For quick profits plant Norway Spruce. A real buy. Our seedlings are selected, choice straight 3 years old, 10 to 12 inches high.

25, \$1.00; 50, \$1.75; 100, \$3.00;
250, \$7.00; 500, \$12.50

Gruss An Teplitz Everblooming Rose

The best hardy Everblooming Red Rose grown. Grows erect, bushy and is covered throughout the season with an abundance of large double blackish maroon blooms. We have counted thirty blooms and buds on one bush that was planted three months. Blooms first year. Two year old field grown.

40c each; 3 for \$1.00; 6 for \$1.75

Wonderbloom

World's largest bloom. Grows from 5 to 9 feet high. Every branch a long plumey head of the most brilliant fiery red blossoms. Easily grown. Sow seed thinly. One seed will grow a plant as shown in photograph, which was 8 feet and 7 inches high. "Gorgeous" is what you will say when you see WONDERBLOOM in full bloom from July until winter, first year from seed.

Pkt. 15c; 2 for 25c. Limit.

Dwarf Giant Coxcomb

A wonderful showy annual from seeds. Flowers form a mammoth head or comb 12 inches high and 18 to 24 inches across. Bright fiery red with a velvety finish. A real GIANT. Easy to grow.

**Pkt., 15c; 2 for 25c; 5 for 50c,
Postpaid**

OAK HILL'S WONDER Sweet William

Wonderful new strain. Think of it four colors one one plant. Each little individual flower of a different color. Exceptionally large symmetrical heads, of every conceivable color and shade. From white through the different shades of pink, to the deepest blood-red. Flowers appearing black, while others show white, pink, red, ringed, striped and spotted. All on one stem or head. Surprise your friends with a real garden jewel. World's Miracle Flower.

Pkt., 10c; 1/4 oz., 25c; 1/2 oz., 35c

Lemon and Orange Ball Marigold

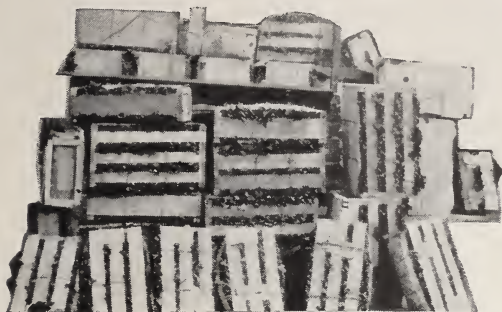

Blooms giant yellow and rich orange double ball shaped flowers. Produces flowers from July until frost. Easily grown for cut flowers.

Pkt. 10c; 3 for 25c, Postpaid.

Plant Everbearing Strawberries

We have made a tour of the Western and Eastern states by auto and passed hundreds of fruit stands along the highway and very few of them had Everbearing Strawberries for sale. If you live on a main highway, resort or have a good market, you can have a Gold Mine by planting Everbearings. At 25c per quart, and with the long berry season from plants set same year, there is more money in Everbearings than anything else you can grow. Why plant wheat or corn when you can make over \$1,200 from one acre within six months from setting. Strawberries from July until winter.

Mastodon tied with Red String. Champion with Green. Premier with Yellow. Washington with Black. Beauty with Purple. Dunlap with Brown. Blakemore with Blue. Red Gold with Gray. Rest with White. All are Labeled.

Postage

Our Reasonable Postage on Strawberry Plants only 10c per 100 in Michigan, Indiana, Illinois, Wisconsin and Ohio. 15c per 100 in other nearby states. 20c per 100 west of Missouri river and Southern Gulf and Eastern Coast states. 30c per 100 west of the Rockies. Be sure to allow Postage for Prepaid orders. Otherwise just remit the cost of Stock ordered. When order arrives pay postage to your Postmaster or Carrier. This will insure the Parcel. After third zone 500 Strawberry plants will go cheaper by Express. Our Express goes into Through Cars. Can reach Pacific coast in 5 days. Atlantic, 3 days.

CASH WITH ORDER or **10% DEPOSIT** will book your order. Balance can be paid at shipping time. Orders under \$1.00 can be sent in stamps. Shipping season March until June. Orders of greater volume now bring you lower prices. **WHY PAY MORE?** All stock **GUARANTEED TRUE TO NAME.**

FIELD OF GENUINE MASTODONS

California Giant Asters

This new variety is the largest and most beautiful of all Asters. The non-Lateral branching type, with mammoth size flowers ranging from 5 to 6 inches across. Borne on long stiff stems 2 feet in length. Petals attractively curled and twisted. Blooms wonderful fluffy showy flowers from early autumn until heavy frost. A single bloom fully as impressive as a giant chrysanthemum.

Pkt. 15c; 2 for 25c, Postpaid.

Cut on This Line

Bitter Root Everbearing

BITTER ROOT EVERBEARING was originated in the Bitter Root Valley of Montana. Better than Mastodon. You must grow this amazing new variety and see for yourself why it is superior. Stands supreme for canning, jellies, jams, and pies. A favorite with us when it comes to making a delicious shortcake. Requiring less sugar. Easy to hull. Free from core. This Wonderberry produces big, solid, round, deep dark red berries. Sweet as Honey. There is something indescribable about its rich, sweet flavor that commands the admiration of our Strawberry customers.

25 for 75c; 50, \$1.25; 100, \$2.00.

Longfellow Cucumber

Longfellow Cucumber

This fine Cucumber grows from 12 to 16 inches long. Flesh solid, crisp. Superior quality. Seed cavity small. Ideal for slicing. Grows straight, smooth, deep green skin.

Pkt. 10c; 3 for 25c, Postpaid.

Rose Gem Radish

One of the earliest. Rapid grower. Perfectly round. Rich brilliant red at the top blending into a pure white bottom. The most attractive radish grown. Exceedingly tender, crisp and delicious. Unsurpassed as a table radish. Best flavored mild radish grown.

Pkt. 10c; 1 oz. 15c; 4 ozs. 35c, Postpaid.

New Early Amber

Comes from Russia. Earliest white sweet corn in the world, 45 days from seed. Week and one-half earlier than Bantam. Has two to three ears to a stalk. If you want the earliest, then try Early Amber.

Price: Pkt. 10c; 1/2 lb. 25c; 1 lb. 40c; 4 lbs. \$1.50, Postpaid.

Asparagus Roots

MARY WASHINGTON—A new pedigreed strain, rapidly replacing all other varieties. U. S. Department of Agriculture introduced this famous new rust-proof variety after many years of scientific breeding. This remarkable strain has long mammoth tender shoots, unopened, and do not start to leaf out even when they are 2 feet high. Why not have the best, earliest and most delicious vegetable from your garden. When snow goes, asparagus comes. One planting will last 20 years. **START NOW.** Heavy one year old roots.

25 for 35c; 50, 60c; 100, \$1.00; 250, \$2.00; 500, \$3.50; 1,000, \$7.50

Heavy two-year-old Roots 25 for 50c; 100, \$1.50

Dahlia Flowered Zinnia

Splendid new Giant Zinnia. Mammoth flowers from 4 to 6 inches across. Wonderful range of colors. Plant a bed of these GIANT ZINNIAS.

Pkt. 10c; 3 for 25c; 7 for 50c.

Latham

World's Greatest Raspberry

This new Wonderful Red Raspberry was originated by the Minnesota State Fruit Breeding Farm. An ideal berry of giant size. Bushes loaded to the ground with great crops, borne in clusters the entire length. Acre record 10,850 pints. Practically Everbearing. Bears same year set, until late fall. Plants 1 year old.

25 Plants \$1.00; 50, \$1.50; 100, \$2.75; 250, \$6.00.

2 YEAR OLD HEAVY TRANSPLANTS

12 for \$1.00; 25, \$1.75; 50, \$3.00.

Market Favorite

A fine green-podded bush bean that is both extra early and an enormous yielder. Pods 6 to 8 in. long, flat, thick, meaty and free from strings and toughness. Ready to use in 6 weeks after planting. One of the best green pod varieties.

Pkt. 10c; ½ lb. 25c; lb. 40c.

Favorite Carrot

It is about six inches long, thick through, and decidedly stump-rooted. The flesh is a deep orange-red, fine-grained, and of excellent flavor. It is very early and always produces smooth, shapely roots. Its fine appearance finds for it a ready market. Biggest seller, and one of the best for home gardens.

Pkt. 10c; oz. 15c; ¼ lb. 35c.

Beauty Bush

A real annual Evergreen. Very handsome symmetrical plants. Forming beautiful ornamental shrubs, and growing 3 feet tall and 2 feet across, quickly from seed. Wherever a quick-growing annual hedge is wanted, there is nothing better than Kochia. Color, beautiful pea green, turning to a gorgeous carmine in fall.

Pkt. 10c; 3 for 25c.
